Honorable James H. Welsh  
Commissioner of Conservation  
Office of Conservation  
P. O. Box 94275  
Baton Rouge, LA 70804-4275

Re: Camerina 2 Sand, Reservoir C  
Andrew Field  
Vermilion Parish, Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of **WALTER OIL & GAS CORPORATION** for the calling of a public hearing after legal notice, to consider evidence relative to the issuance of an order pertaining to the dissolution of the Camerina 2 Sand, Reservoir C, and the simultaneous creation of a revised Camerina 2 Sand, Reservoir C, Andrew Field, Vermilion Parish, Louisiana:

1. To dissolve the existing Camerina 2 Sand, Reservoir C, in the Andrew Field, Vermilion Parish, Louisiana, previously established by Office of Conservation Order No. 625-G-1, effective March 19, 1995, and simultaneously therewith, to create a revised Camerina 2 Sand, Reservoir C, in the Andrew Field, Vermilion Parish, Louisiana, said unit to be designated CAM 2 RC SUA.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit with each tract sharing in unit production on a surface acreage basis of participation.
3. To designate Walter Oil & Gas Corporation as operator of the proposed revised unit.
4. To designate its Simon No. 1 Well as unit well for the proposed revised unit.
5. To provide that the Commissioner of Conservation should be authorized to reclassify the sand and reservoir by supplemental order without the necessity of a public hearing if the producing characteristics of the reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation.
6. Except to the extent herein set forth, to confirm and continue in full force and effect the provisions of Office of Conservation Order No. 625-G-1 and applicable statewide orders.

7. To consider such other matters as may be pertinent.

The Camerina 2 Sand, Reservoir C, in the Andrew Field, Vermilion Parish, Louisiana, was previously defined in Office of Conservation Order No. 625-G-1, effective March 19, 1985, and is further defined as being that gas and condensate bearing sand encountered between the depths of 13,734 feet and 13,893 feet (electrical log measurements) (true vertical depths of 13,717 feet and 13,876 feet) in the Walter Oil & Gas Corporation – Annie Mae Simon No. 1 Well, located in Section 22, Township 11 South, Range 2 East, Vermilion Parish, Louisiana.

Pursuant to the Rules of Procedure, pre-application notice was given; however, no request for the conference was received. Therefore, the conference tentatively scheduled for January 11, 2006, **WILL NOT BE HELD.**

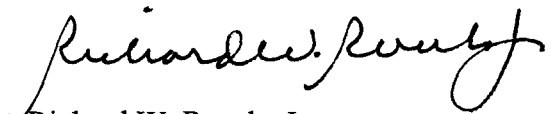

Pertinent data, including well logs, may be obtained AT THE COST OF THE REQUESTING PARTY from Bill Dale, W. H. Robbins & Associates, LLC, 302 La Rue France, Lafayette, Louisiana 70508, Telephone No. (337) 232-5004.

Attached hereto and made a part hereof is a plat showing the applicant's proposal along with the list of the names and addresses of the Interested Owners, Interested Parties and Represented Parties to whom a copy of this application is being furnished. Pursuant to the Revised Rules of Procedure, such plat (being the same plat attached to the pre-application notice dated December 19, 2005) and list of parties are being furnished only to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation. The plat and/or list of parties will be provided to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Interested Parties and Represented Parties.

Finally, enclosed is our check in the amount of \$755.00 made payable to the Office of Conservation on behalf of the applicant representing the hearing application fee.

Very truly yours,

LISKOW & LEWIS

Richard W. Revels, Jr.
